### Club Reminders

#### Flight Times:

- SUNDAY - 12:00 Noon until dark.
- OTHER DAYS - 10:00 A.M. until dark
- For quiet electric park flyers or unpowered aircraft only: Permitted Flying Hours - 8:00 A.M. until dark, seven days a week.
- **2022 dues** of \$20 are now being accepted at the monthly meetings, or by mail to the club treasurer Carl Adams.

### Dues Payment Reminder

Another reminder to pay your dues for 2022. Club treasurer Carl Adams will be at the coming monthly club meetings to accept your dues payment, or you can mail it directly to him.

### March Flea Market and Auction

The March flea market and auction was a success, and went smoothly this year, thanks to additional help from the new members. Thanks to all members who participated in this biannual event, whose proceeds help keep the membership costs down by raising enough money to pay for grass cutting services for the year.

The next event will be held the first Saturday in November (Nov. 5<sup>th</sup>, 2022)

### Summertime Monthly Meetings

**Beginning** with next month's meeting, we will be moving back to the flying field. Traditionally, May, June, and July are held at the field with start times remaining at 7:30 PM. A lot of members come early to fly before the meeting, so please join us, and bring along a chair as seating is limited for the meeting.

## Next Monthly Meeting

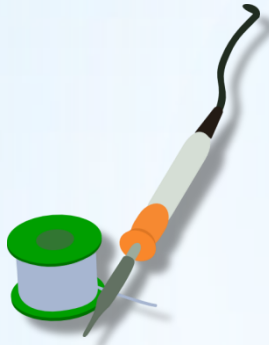

When: **April 14, 2022 @ 7:30 PM**

Where: **Murrysville Community Center**

\*\*\* Meetings held 2<sup>nd</sup> Thursday of each month \*\*\*

# Soldering Workshop

A soldering workshop will be held after this month's meeting at the Community Center. If you want to brush up on your soldering skills, Joe Dantonio will be conducting training and demonstrations.

Please bring with you to the meeting, your soldering equipment and something to practice soldering on. This could be lengths of wire typically used in RC applications, an old flight controller or ESC, and especially battery and ESC connectors. If bringing connectors, be sure to bring both the male and female sides.

Again, this soldering training will take place **AFTER** the meeting so plan on staying a bit later than usual. First aid kits are optional!

# Flea Market and Auction

Following are several photos from our recent flea market and auction.

# Flea Market and Auction, continued
