Monthly Meetings

Announcing the new winter months meeting location AND start time: Beginning with this months meeting, (September, 2022), the new location will be at the Monroeville Public Library, and the new start time will be 6:30 PM. I've created a location map which is attached separately to the email for this month's newsletter.

So remember:

- New Location: **Monroeville Public Library**
- New Start Time: **6:30 PM.**

Next MARCS Auction

Don't forget that the next MARCS auction and flea market is coming up fast, just like the fall weather! Our fall event will be November 5th, and the event flyer is also attached to this month's newsletter email.

Next Monthly Meeting

When: **September 8th, 2022 @ 6:30 PM**

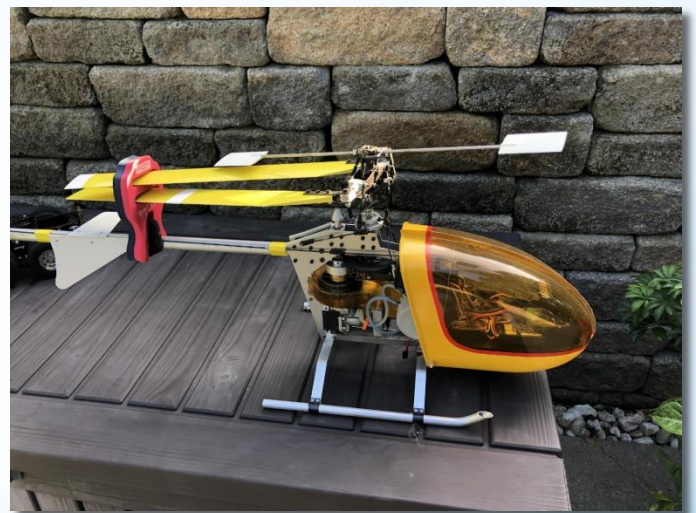

Where: **Monroeville Public Library**

*** Meetings held 2nd Thursday of each month ***

National Air Tour of Historic WWII Aircraft

Dave Frew has discovered a traveling aircraft event being held in September at the Arnold Palmer Regional Airport. As you can tell from the title of this page, it is a mini airshow of historic WWI aircraft. More info is located at their website, and below is a short introduction from their home page:

YOU ARE INVITED!

The CAF AirPower History Tour is coming to an airport near you! Experience the sights, smells and sounds of historic World War II aircraft. Visitors will have the opportunity to:

- Get up close & touch the aircraft
- Tour the cockpit
- Talk to the crews
- Teach the younger generations
- See the planes FLY

The main home page of the CAF AirPower History Tour is located here:

<https://www.airpowersquadron.org/>

And the Latrobe specific page (screen clip shown below) is located here:

<https://www.airpowersquadron.org/latrobe-pa>

The screenshot shows the website for the CAF AirPower History Tour. The header features the title "CAF AirPower History Tour" in large white and red letters, with the subtitle "National Air Tour of Historic WWII Aircraft" below it. To the right is the CAF logo, which includes a winged emblem and the text "COMMEMORATIVE AIR FORCE". A navigation menu below the header contains links for Home, Schedule, Airplane Rides, History, Contact Us, and Media. The main content area is titled "Latrobe, Pennsylvania" and "Latrobe Arnold Palmer Regional Airport" for the dates "September 8-11, 2022". Below this are five small images showing various aircraft: a P-51 Mustang, a cockpit view, a B-29 Superfortress, a B-24 Liberator, and a biplane. The bottom section is divided into two columns. The left column, titled "Dates & Times:", lists "Thursday, September 8, 2022" from "9:00 a.m. to 5:00 p.m." and includes bullet points for B-29 cockpit tours, B-24 cockpit tours, and T-6 & PT-13 rides. The right column, titled "Attending Aircraft:", features a B-29 Superfortress "FIFI" and lists "B-29 Ride Times" for Saturday: 9:00 a.m. (SOLD OUT) and 10:30 a.m. (SOLD OUT). A small text box next to the B-29 image states: "The most advanced bomber of World War II, FIFI is the World's Most Famous, Flying B-29. Book a flight."

Member Aircraft Spotlight

Take a look at Jeff Goff's Flying Fortress in action. Jeff has been flying this 79" B-17 since 2012. It's a Banana Hobby foamie that he's been modifying for years. It flies on two 4S 2500 batteries. In the photo, it is releasing its Nerf dart payload over the field.

The photo was taken by Rick Ofstun.
